

SPEAKER SYSTEM

Fostex Laboratory Series Loudspeaker Systems are designed for extended linear response and they provide the professional with complete, ready to install products. All loudspeakers offer high

output, low distortion, wide response and high reliability. The BS1502 is a 3-way bass reflex design for studio monitoring. The 2-way GS3001 and the

3-way GS3003 are front-loaded horn systems for high efficiency and controlled dispersion for stage and music playback applications.

Model	Nominal Impedance (Ω)	Frequency Range (Hz)	Sensitivity (dB/W1m)	Power Handling (W)	Crossover Frequency	System Type	Enclosure Type	External Finish	Dimensions W × H × D (mm)	Component Complement	NET Weight (kg)
BS1502	8	30~20k	100	150	800/7k	3WAY	Bass Reflex	Black	628 × 860 × 448	L475 + D252 + H850 + K150 + T825 + X313	46.5
GS3001	8	35~20k	103	150	800	2WAY	Front-loaded + Bass Reflex	Black	628 × 850 × 550	L470 + D252 + H351 + HA21 + X211	55
GS3003	8	35~20k	103	150	1,200/7k	3WAY	Front-loaded + Bass Reflex	Black	628 × 800 × 600	F456 + D276 + H351 + T925 + HA21 + X313	59
